# CONSTITUTION ASSOCIATION MONTHLY DINNER MEETING

## EDUCATION IN CRISIS

When was the last time you attended a school board meeting in your area? I have to admit, it's been a long time for me, too.

Nationwide the education of our children is in crisis. The reality is, however, that it is not just at the public school level that we are sinking. Our private schools have been coerced into poor education curriculums like Common Core, as well. In the larger populated areas the drop-out rate is heart-breaking. Even here in the Temecula Valley the news is not great. However, there is a lot you can do if only you were willing to do it.

This month's guest speaker: Julie Farnbach is a member of the Temecula School Board, and while the news is not currently that great, her message is that the potential for opportunity is phenomenal. Julie will tell us how things are going now, and what you can do to be involved.

In California our schools are failing. The establishment seems to think that if we just pump more money into the failing system it will somehow use that cash to magically pull itself out of the downward spiral we are caught in. In the first century and a half of America's existence, we educated our kids in little red school houses with education systems fully controlled by local interests, and we became the most prosperous country on Earth, leading, among other things, in education. Now, in a number of schools, collectivism is the lesson of the day, and in History classes (for example) kids are being told the chapter on the U.S. Constitution is being skipped because there is not enough time to "cover what is not important." It is time to act!

### WHAT IS THE CONSTITUTION ASSOCIATION?

The Constitution Association believes in strength in numbers. We have filled the city council chambers in Menifee and Murrieta over property rights issues, and a school board meeting in Temecula to support a 6 year old girl who was silenced in class for daring to speak about the Bible during a presentation.

The Constitution Association's mission includes impacting elections both locally and nationally through a system of chapters around the country, by creating a powerful presence on the internet, and by promoting Republic Review. As division spreads among Americans, we believe we should work together through what we have in common. . . A firm reliance on Divine Providence, and the understanding that the United States Constitution was the blueprint that created the greatest republic in history.
