

CONSTITUTION ASSOCIATION MONTHLY MEETING

Islam and Communism are nearly the same!!!

Imagine growing up in a Muslim country, and then later living in Communist China. Siyamak Khorrami did exactly that. His insider view of Islam and communism then led him to a powerful conclusion: There is little difference between Islam and communism. Now, he lives in Southern California and is the general manager for the Southern California edition of The Epoch Times . . . an anti-communist newspaper that was originally printed in Chinese, and now is not only printed in English, but also the paper publishes in 21 languages in 35 countries across five continents. Siyamak joins us this month to discuss his experiences with Islam, communism, American Liberty, and the ever-changing world of the mainstream media through the eyes of anti-communist journalism.
