Attire: Some have asked, is it formal? It is what you would like it to be. It is your night to enjoy. There will be a cacophony of dress styles, some people love to dress up others prefer not to be so formal – there will be suit and ties, there will be dress slacks and shirts, there may even be a tuxedo or two; there will be dressy dresses, slack sets, and some evening gowns...you decide what you would love to wear and wear it.
